gales from the E.S.E -  
cours S.S.W Lat 02° 20' Soon

Mond<sup>d</sup> 19 fresh breezes from the South  
want steering, S.S.W  
break out the fore top  
deck for sails and began  
to repair it got all through  
Lat in South

got the cutting planks and

Wednesday 21 of August in Lat 06 00<sup>97</sup> S  
on our passage to Cape Horn 11

21 begins with strong breezes  
from S S E steering S W  
Saw a finback got the party &  
up

Thursday 22 begins with moderate  
breezes from S S E course S W  
breakout and coopered all over  
pipes off broad saw two finbacks  
Lat 10 40 South Long 23 11

Friday 23 begins with fresh gales from S S E  
steering S W saw nothing  
Lat 12 50 South Long 24 13

Monday 26 begins with light winds  
and pleasant at 2 P.M.  
raised a whale of the S  
midship bow we took  
three boats and gave chase  
and he ran to the windward  
so we gave it up - West  
Lat 18 49 South Long 32 00

Tuesday 27 Very pleasant weather  
we are inclined to excess  
hear a few days plenty  
of finbacks round all day  
Lat 17 12 South

Wednesday 28 this day we have light  
breezes and very clear  
atmosphere saw plenty  
of finbacks fitted bowsprit  
shrouds and braced up  
a little and all stood and  
hurrahed thank God  
Lat 19 00 South

August 29<sup>th</sup> 1839 - On board of the  
Ship Zephyr bound to the Pacific

Thus the 29 begins with light winds  
and pleasant steering S E - saw some  
finbacks - Lat 20° 48' W.

Fri 30<sup>th</sup> This day we have light  
airs from N W. steering  
S E. saw plenty of finbacks  
Hear was a ship past us  
standing to the N E - 14°  
Lat 21° 24' South Long

Mond 2<sup>nd</sup> September 2 we took a  
fresh breeze from the North  
airs for 8 days saw plenty  
of finbacks Hear has been  
a sail in sight a head for 5 days  
bound the same way  
Lat South Long W

Tues 3<sup>rd</sup> This day begins with strong  
gales from the N W.  
Came up with the sail that  
had been a head which proved  
to be an English Brig  
Lat 25° 00' S Long West

Weds and Thursday Hear two days we have  
little or no wind with a heavy  
swell from the S W. lost sight  
of the brig

Fri 6<sup>th</sup> This day we have strong  
gales from N W. - riged in  
the fly jib boom we have  
got three new topsails bent  
Lat 27° 27' South Long 23.31. West

September Sunday H-8 in Lat 30° 51' S.  
and long in West bound round the  
East Cape for New Zealand 99

Sund begins with strong gales  
from S.S.W. at 10 A.M. dabbled  
reefed the topsails at 3 P.M.  
shook them out again.

The weather is now growing  
cold begins to make us master  
thick shirts and stockings

Monday H-9 begins with fresh gales  
from S. South sent down  
the fore royal masts middle ~~and~~  
late part pleasant about  
P.M. saw a right whale  
going very quick to the Westward  
Lat N 66 Long 99

Tues H-10 commences with pres. gales  
from N.E. - at 10 A.M. took in  
topmasts studding sail and reefed  
fore and mizzen topsails main  
hawling to S. South at 2 P.M.  
close reefed the main topsail  
at 3 took in the mizen blowing  
hard from N by W. got all ready  
Wed H-11 the gale continues

Wed H-11 He gale continues  
S.E. under close reefed main  
and dabbled reefed fore topsail  
so ends this day -

Thur H-12 this day fresh breezes from  
N.E. thick and hazy weather  
steering S.E. -

September the 13 on our passage to  
New Zealand for sperm whale

Fri. the 13 first part light gales from  
the North middle and latter part  
strong breezes course S E -  
in a thick fog with all sail out  
Sat. the 14 begins with a heavy gale  
from N W scudding under  
double reefed fore and close  
reefed main top-sails and fore and  
latter part gale increasing  
Lat 36° 40'

Sund. the 15 the gale still  
keeps on clear with heavy  
squalls from N W -  
latter part more moderate  
shook on a reef the sea  
has gone down some - East  
Lat 37° 44' Long 00° 23' West

Mon. the 16 At 2 A.M. began to  
moderate so we made sail at seven  
got main top gallant sail on her  
way to the West course S E by E  
at 11 A.M. blowe on hand took in  
the top gallant and reefed the topsail  
Saturday got our stern boat  
stoves ~~old~~ left ship ~~of a~~ sea  
Lat. 37° 56' Long 00° East

Tues. the 17 this day we have light gales  
and pleasant broke out and got a cast  
of water but between decks there  
is a ship a head suppose to be an  
English transport latter part  
few gales from the North  
Lat. 28° 8' Long

On board of the Ship Zephyr 101

Lat 27° 22' S and Long 168° 25' West

thurs #11 these 48 hours have fine pleasant breezes from S E ship tacking back and forward the wind varies from N E to S E most of the time since we been here

December the 12 On board the Beagle

We are now 165 days out we have seen  
whales 3 three times this is a going  
and just at sun down Spoke  
one ship and ketched a very  
various spark have had a good  
portion of very fine weather  
and all been blessed with good  
head & thanks be to the  
Lord the givern of all  
Good

Tues the 13 the 48 hours a very light breeze from  
the West we are steering E, S E - with all  
sail out have seen nothing employed  
fishing the nights so ends the  
course of His week Lat Long

this lords day we have press gales  
from S E heading to the Eastward  
with all sail out saw pumpers name  
Lat 27° 28' S Long 166° 10' West

Tues the 15 fine gales from S E  
Saw nothing we are all fit  
for whaling and in hopes soon  
to see them we are now 190 days from  
home in fine weather fishing all  
things Wright - for us  
Lat 28° 30' South and Long

Weds the 16 the days have had strong  
gales from S E heading to the Eastward  
under double reefed topsails  
Lat 27° 15' S Long 163° 24' West

Today the 17 this day have strong gales  
from S E steering to the N E  
Lat 24° Long 160° 40' West

West  
on New Zealand Lat 27-24° Long 152-48° 113

Saterd<sup>h</sup> 20 begins with strong gales  
from N.E. still holding to the N.E. with all  
Sail out saw nothing bound for Oriental

Sunday 21 commences with strong gales  
I cast about 10 A.M. - saw Rock bridges  
aboard on other side out going in the  
Lat 21-36 South and Long 159-40 West  
at 5 P.M. came close to and stood off

Monday 22 sent two boats ashore  
they brought 4 boat loads of Potatos  
and other fruit bananas and pumpkins  
so ends this day  
Hea. is strict laws and regulation  
near which keeps pear and good order

Tuesd<sup>h</sup> 23 sent two boats ashore and  
got two loads of wood for 5 fathoms  
got 40 barrels of Potatos at 1½ fathom  
a barrel and 24 hoops put from 2 to 8-  
fathoms get 8 pound per bar of <sup>300</sup> soap  
pumpkins are very cheap go all out 5  
P.M. and stood to the South wind East

Wedsd<sup>h</sup> 24 very pleasant saw nothing  
heading to the South so ends Wednesday

Thursd<sup>h</sup> 25 took out 10 cask of fresh  
water out of the ground tier and filled  
them with salt saw nothing steer  
N.E. -

Friday 26 saw nothing heading  
to the Lat 26 - I and Long 164-40  
found the S.E. - wave well  
filled for a chick after -

Whole Serum

Sunday December the 28 on the Island of

Wing Islands we have had high winds  
and rain from N. N. E. steering South  
saw a school of porpoises 20. & went to see 27. &

Monday the 29 this was a rainy day  
and a fresh gale from N. S. W.  
under close reefed main topsail  
latter part light wind from the same

Tues the 30 continues ~~rain~~ raining all  
day wind from E. S. E. blowing very  
about 2 P. M. began to moderate  
which caused a heavy choppeling sea  
but the foresail and part of before the  
swell at 5 P. M. began to blow from  
the South wind the foresail  
and took in the boat gale  
increasing

Wednesday Jan 1 1840

Welcome again New year's day  
it just twelve months since you last this way  
the storm has abated the weather quite  
mild and pleasant for a passage in site

Wednesday 2 begins with light air - hear is  
but very few fish hear in this place  
at first big lines from N. E. steering  
N. S. W.

The last 48 hours we have had the  
wind from S. S. W. blowing fresh  
saw some porpoises the ship being in  
to the Westward

Sunday 5 this day we have fresh  
gales from the South - with a heavy  
swell blowing from South

in the Lat 29 and Long 163 West 115

Tuesday 7 This day light gales are pleasant  
steering N. S. W. wind N. E. - employ scattering  
riggin - saw nothing of Lat 29° 5' 2" East  
and Longitude 170° 5' 2" West from green

Wednesday 8 This day is very pleasant  
saw a sunfish and small breach  
we are two months cruising here  
we saw ~~one~~ one ship and one school of  
Whale employed I putting riggin

Wednesday 9 Friday 10 The days have  
had light gales from the east  
steering West have saw many  
employed scattering down and fitfully  
Lat 29° 25' East. Long 174° 5' 4" West

Sunday 12 at 5 P.M. made sunday  
~~island~~ the wind East with fine  
weather here was two peacocks  
living here cultivate the land  
but the rat and gather pillars  
destroyed their pl produce  
they have now left the island

Monday 13 begins with light gales  
from N. E. V. E. - about 8 A.M. came in  
site of the fresh rock otherwise  
Curtis island or macauley island  
saw plenty of jumpers and for posse  
employed fitfully riggin -

Friday 17 All this week has been  
very pleasant Win to the E. N. E.  
It was the Curtis islands that we  
saw Spoke the ship <sup>200</sup> Bone of  
Antarctica 8 months 130 lbs  
- So ahead 5 sheds

# Addition

Addition is the joining or collecting several numbers into one or finding a number which shall be equal to any given numbers all together

I place the numbers so that each figure may stand directly underneath or in the same perpendicular row with the figures of the same value: that is units under units, tens under tens, hundreds under hundreds

i am now in east boston with my  
my brother and sister they being  
all well at present

i am unsettled in mind for the want  
of work an idle head is a workshop  
for the devil

May the Lord Deliver us from  
the Snare of the wicked one

O Lord God all mighty  
look upon us all in mercy  
for give us our sins that is past  
and prepare us for every futar event

Yesterday January 18 between fresh rock

this day begins with strong gales from S E -  
the Bone in its latter part  
blowing strong with rain laying Toro  
under close reefed main top-sail  
The bone has seen whales bear 8 days ago

Sunday this day it is blowing a heavy  
gale from S. E. - with rain ship laying east  
latter part wind South 60° W. wore ship  
heading to W. East

Monday 19 This day  
blowing hard from the  
South steering E. N. E.  
unreliable report

main top-sail and fore-sail  
latter part moderate

Saw nothing

Latitude 31° 27'

and Longitude 178° 40'

Latitude 31° 27' South

and Longitude 178° 40' West

Wednesday 21 begins gales from S E -  
saw a sunfish we are  
passing by Sunday ~~island~~  
island steering to South

Thurs 22 This day fine pleasant  
breezes saw some pumpers like wise  
4 sides of Sunday island

Friday 23 We have fresh gales from  
S E. The appearance of things looks  
dark for we've seen no whales yet  
Lord Prosper us on our voyage

Lord my success now see  
in sheltered on the sea  
the wind and waves to continue turbulent  
My wondering months long mean below

and Curtis islands

Saturday 25 This day we have fresh gales from N.E. - at 12 backed ship to the South

Sunday 26. Was a fine clear day we are passing by Sunday island distant 20 miles wind N.E. -

Monday 27 This was a fine pleasant day and clear passed by two islands again Curtis and Macpherson islands - at 6 P.M. backed ship to N.E. -

Tuesday 28 This day fresh breezes from N.E. about 2 past 5 saw a body of Sperm whales going to the windward. I got up to them but mist fire. We have turned to the Lewards we are 30 miles S.E. of Sunday island <sup>Whale</sup>

Wednesday 29 begins with fine breezes from N.E. - at sunrise saw whales got back to land load three boats and I got one to the bow boat - at 9 A.M. - got them along side at 2 P.M. I got them cut in and began to bail for the first time

Wednesday 30 got dinner boiling at 4 P.M. turned up 30 miles - 70 miles to the land East of Sunday island

Friday 31 This day begins with light gales from N.E. East at 2 P.M. came in site of the island at 6 P.M. saw some whales first at sundown 5 being at sundown - May the Lord Proper us on our way

Yesterday February 1, Off Sunday

This day is very foggy about 10 AM  
saw ~~whales~~ of the weather beam  
going to the windward we ~~had~~  
look'd and spacea'd them to the best  
saw no more up them ~~as~~ we got  
on board their was another ~~whale~~  
but they went to the windward  
with all speed —

Sunday was fine pleasant day from  
haze — saw nothing the island in site

Monday 11/3 This was a fine day for whales  
but saw none these last 48 hours have had  
the wind from W — to S W — ship being  
35 miles ESE — saw some jumpers  
and caught a sunfish wind West

Weds 11/5 These 24 hours have had light winds  
with rain all this week has been foggy  
a very lovely place here but no whales  
have gone off we are now heading of  
to the 18° island beam West 65 miles  
Cayman to wind. 3 reef main topsail  
the sail and spencers fell in good  
health. Thank the Lord

Fri 11/8 This was last Wednesday has been  
blowing fresh from E to S E — with a  
light drizzle of rain and very thick  
and foggy under short sail have  
seen nothing at 6 PM. Tache ship  
to the W to the S W — Lat 30° 38' West  
and Longitude 170° 44' West from here

125

island in the 27 12 South and Long 178 30<sup>W</sup> ~~XX~~

Monday the 10 This day have fresh gales from SSW - 8 AM spoke ship Nantucket of Nantucket 32 months out 1500 sperm and 400 whale - Captain Edwards - Lat 30 18 - South she reports two Whalers of Mr Williams the other unknown being on a mission Hear wear kill'd on the beach by the natives his loss will be greatly felt for he was a father to the heathen let thy kingdom come and thy will be done hear Lord among the heathen

All this week has been squally and rainy in company with the Nantucket Thurs the 13 This day have light rain wind from NE - 4 PM saw sund island Friday the 14 blowing hard from ESE with plenty of rain causing to run short sail

Sunday the 15 this 48 hours had strong gales from ESE under double reef topsails island in sight

Monday the 17 continues blowing hard from the E - at 6 PM took ship to Scatt <sup>3</sup> & were rugged twice

Tues the 18 this has been the pleasantest day we've had for a good while. Hear was a ship passed to Scatt <sup>3</sup> & was heading N North - saw no more Lat 28 48 South and Long Longitude 176 40 West

Tuesday february this in the Lat 29<sup>40</sup>

this day blowing strong from ESE  
ship heading N<sup>30</sup>E and E - about sun  
down saw the shadow of a whale

Friday the 22 the 24 hours have strong gales  
from ESE - ship heading N<sup>30</sup>E under  
duke nept topgallants and mainsail

Saturday the 23 this day strong wind from  
ESE at 6 PM - wind ship  
to W Southern E - - later fort  
more moderate still under duke  
Lat 26<sup>5</sup>7 South Long 173<sup>5</sup>1 west  
found in the CD

Monday the 25 this 48 hours have  
strong gales from the East  
beginning to stop at 6 PM  
tack ship & labor 10 AM  
our steward a black man from  
the state of jersey went  
deliberately forward and got a  
stick of wood carved a beaver and  
cigar aft our captain was walking  
the quarter deck when he turned  
round the steward ran at him and  
struck him a several blow on the  
face he gives no reason why -  
drew him and put him below  
Lat 29 30 - Long

Wednesday the 27 this day being in the  
Latitude 29<sup>40</sup> and Longitude 172<sup>40</sup>  
West at 5 PM - I saw some  
spermwhales young fort at 6  
found but could not get at  
them found again but got nor

got close to one he saw something and run ~~so~~  
it being rugged and heavy sea on so ends this

Thurs the 28 This day more moderate saw  
nothing Wind E N E - heading to the South

Friday the 29 This day have strong gales  
from the E by N - ship riding the S E -

Lat 30° 27' Long 171° 15' West

~~Saturday the 30~~ We are now standing  
half watches under close reeved topsails  
it blowing hard from E by N

Later the 30 this day it is blowing hard  
from E N E - under close reeved topsails  
and foresail heading to the S E - it has  
blown from the East all this month  
Lat 30° 50' South and Long 170° 50' West

March the 3 about 7 A.M. saw a body  
of several whales we board and chased  
them all day without getting any  
came a board - Lat 33° 45' South

Tues the 4 This day was very pleasant  
saw nothing broke out the bone boil  
for meatless and stormy down so  
soil wind to the N E heading S and E -  
Lat 34° 14' South Long 168° 14' West

Wedns the 5 - this day begins with squalls  
of rain the wind from the South  
Later part pleasant saw nothing  
Lat 34° 14' and Long 166° 47' West

Thurs the 6, this was a rainy day wind from  
the South at 6 P.M. dulled except  
blowing fresh

On board the Ship Bethazar bound  
Friday the 7th About 10 AM it held up raining  
and the wind hauled the N W our course  
Feb- later part pleasant saw nothing

Saturday the 8th this day we have light airs from N W  
steering N E - with a light a rain -  
Lat 32-56 South and Long 161-08 West from green

Sunday the 9th this day we have light wind from  
N E - with rain saw nothing - later  
part rainy at 2 PM tacked ship and  
heading N E - at 3 PM blowing fresh so  
~~I dubble never off the soills~~  
Lord my God be ever near  
and turn not thou away  
for me thy spirit gracious God -  
And teach me how to pray

Monday the 10th begins with light gales  
from the E E - our course being N E by E.  
Saw nothing later part calm  
Lat 30-53 South and Long 158-01 West

Tuesday the 11th begins with light airs from  
N W - course E N E - saw plenty of porpoises  
Lat 30-20 South and Long 156-13 W

Wednesday the 12th this day we have moderate  
gales from the West with rain

Thursday the 13th in the morning had some rain  
middle and later part pleasant  
wind from N W - course N E by E -  
Lat 29-50 South and Long 154-46 by accy

Friday the 14th this day we took the trade  
winds blowing from S S E - saw nothing  
Lat 28-15 S Long 152-48 West

in to Cape hite March the 7 Lat Long <sup>129</sup>

Tuesday the 15th this day we had plenty of rain  
wind from E. to SE. blowing strong  
Latter part light wind from N East

Tuesday the 16 this day we had plenty of  
rain wind mostly SE to N E under  
steele topsails and courses so into third day  
All in good health which is the lords  
blessing - have got one latitude for 3 days

Monday the 17 this 24 hours we have a light  
variable wind from all points off  
com as with heavy rain so ends

Tuesday the 18

This day begins with rain and light wind  
about 2 P.M. began to blow hard  
from the North which caused us to  
take in the fore and mizen topsails and  
close reef the main took in the bon bote  
a heading to the west have not  
seen the sun for 6 days

Wednesday the 19 the gale continues from the  
N. N. W. ship heading to the E. N. E.  
under close reef main topsail  
we got an observation and the latitude  
was found to be 23 38 South and West  
Longitude by chronometer was 149-13  
at 3 P.M. at sun down neare ship to West  
we are near the s island of Foot Island  
and set double reef topsails

Wednesday the 19 about 7 P.M. ship heading  
to the N. N. E. took a heavy squall from  
N. S. S. which caused us to furl the  
fore and mizen tops at 2 past 10 rot After  
again the land suppose to be in  
site bent a foresail and main topsail  
to white bearing N 37° 30' distance

March the 19 1840 in the Latitude 22° 56' South

Wednesday the 19 This day we a light breeze from N.W.  
with frequent showers of rain at 7 P.M.  
took the wind from N.E. with rain so ends

Friday the 20 This day it has been blowing  
fresh from N.E. N.W. a well hearing  
from N.E. at 2 P.M. took a heavy  
squall from N.W. which caused us to  
hove up and clean down all sail  
Later part blowing fresh double west.  
Lat 22° 26' S and Longitude 148° 21' West

Saturday the 21 This day begins heavy squalls  
of wind and rain at 11 P.M. came down  
to a close west main top sail at  
2 P.M. made sail wind hove to  
to N.E. course being N.E. N.W.  
in Lat 21° 00' S Long 148° 20'

Sunday the 22. This day we have strong gales  
from E. N.E. with rain steering N.W.  
at noon got the Latitude being 18° 50' S  
about 4 P.M. saw a barque steering  
N.W. by W. about 6 P.M. saw the island  
of ~~Matan~~ - we are steering N.W.  
with main top sail out

Monday the 23 begins with rain the island  
of ~~otapite~~ in site at 2 P.M. came  
to anchor in the bay in company  
with ~~isabela~~ of fourteen 21 months  
11 founded the <sup>loan</sup> ~~line~~ of Edgentown  
the <sup>MICRONIC</sup> Macomick of Newport 21 months 18 tons  
the ~~car~~ is free course to all ~~licensed~~  
the El <sup>L.C. Richmond</sup> B Richmon 21 months 2000 tons  
the West ~~coast~~ of west coast 25 months  
with 1700 lbs

131  
and Longitude 148° 29' West bound to Utakeite

Tues # 24 employe cleaning ship and fitting  
topgallant rigging it is very warm here.

Wedns # 25 employe taking down  
one ~~one~~ watch & stone off the ship  
~~Columbus~~ or ~~Santucket~~ 10 month 3 bundles  
the ship ~~Willo~~ <sup>Willo</sup> of ~~Nantucket~~ 15 months with 13 bundles

Later # 28 till this week employed  
cleaning ship getting cask ashore and so  
on this day began to paint about 1. P.M.  
began to rain so it ends with sun  
there is no ~~tarbox~~ on now there is free  
cours to all ~~lisensess~~  
the ship ~~Admiral~~ <sup>Admiral</sup> ~~Blaske~~ <sup>NEWPORT</sup> came in to day  
29 months all full ~~lanner~~ <sup>lanner</sup> of ~~Nantucket~~  
21 month 5 hours <sup>2</sup> to ~~Elizabeth~~ <sup>Elizabeth</sup> <sup>(DARTMOUTH)</sup> 29 months  
12 hours ~~the~~ <sup>the</sup>

Monday # 30 got through painting  
the labor side

Tuesday 31 got off a raft of water  
and stored it down the main hatch way

Wedns April 1<sup>st</sup> one watch on liberty

Thurs # 2 one watch ashore painted  
the labor side one man ran away  
he went out in the ship ~~susan~~  
to day Friday a watch

friday # 3 one watch ashore got

Saturday 4 got sun painting 4 pieces of cloth  
for 2 hoppers 3 for boat load of ~~yarns~~ <sup>yarns</sup> and so forth

April the 8 1840 in the harbour of St. Kitts  
Wms & His day the Macanick and Loun  
and Edg. Scott went out  
one watch above and one man  
ran away

Fri. the 10 The ship Naive of  
Newbedford 28 month & 9 hundred  
The burnier of Newbedford  
21 month & 8 hundred

NOSSAU

Satn the 11 The ship Nautek  
of Newbed 17 month & 15 hundred  
The ship Fairhaven of New  
bedford 22 month &  
16 hundred. Hear is now  
an English sloop of war  
and her tender which has  
been 5 years on a survaging

Sunday the 12 His Lord's day we had  
~~preaching~~ on board of her her  
Majesty's sloop of war Suffolk her

Mon the 13 Hear has two men ran away

Tues the 14 Employed fitting ship for  
sea

Wedns 15 at 7 A.M. took our anchor  
and went out with a light  
breeze. The ships Columbus  
and Milo also got one of  
our Presenters for 8 dollars  
lying off and on all night

Thurs the 16 About 4 P.M. - The captain  
came aboard made all sail  
steering to St. M - about

April 16 of the island of Otabute <sup>133</sup>

6 P.M. there came a heavy squall from N. E. W. took in the mizzen topsail and close reefed the main

Frid 17 This was a fine pleasant day ran within 10 miles of the island of ubinay

Sat 18 This day we have fine fresh gales from N. E. ship heading to the S. S. with all sail out saw nothing our cooper is no better Money is gaining. —

Lat 14° 50' South and Long

151° 00' West

Mon 20 This last 48 had light gales from the E. steering North with all sail out with rain

Tues 21 begins with <sup>saw fog</sup> pleasant breezes tending to N. N. E. saw nothing

Wed 22 Moderate breezes and light showers  
Lat 8° 18' South and Long 151° 30' West

Thurs 23 This day light gales and calm with rain saw nothing

Fri 24 about 7 A.M. saw a body of sperm whale land three boats the boatmen got up to one light mist fire. we chased them until 2 P.M. it being calm with a very hot sun

April the 25<sup>th</sup> Lat 08° South and Long 151° West

~~Later the 25<sup>th</sup> of sad misfortune this day~~  
about 4<sup>th</sup> ~~in the morning~~ a native of the  
Sandwiches came from America with  
whose name was Jack from here  
Jumped over board before day light  
not being in his ~~right~~ mind  
he was not missed untill 7 A.M.  
when we tacked ship but saw nothing  
of him

~~Unlucky deluded man was he  
to drown him self all in the sea  
Poor soul he is gone i dont know where  
to meet his god i fear unprepared~~

Monday the 27<sup>th</sup> for 6 days have had the  
wind from the North with light gales

Later May the 2<sup>nd</sup> 1840  
All this week we had light  
gales from N.E. about 9 A.M.  
to 1 P.M. with all sail out  
have saw nothing but porpoises  
our cooper is very low suppose to  
have the quick consumption have  
bent our old sails again yesterday  
yesterdays Lat was 04°-00 South and  
Longitude 155-20 West

Tuesday the 3<sup>rd</sup> this day we have strong  
breezes from N.E. about 9 A.M.  
Spotted the ship Phenix of New  
London 29 months with 19 hundred  
Lat 00-54 South Long 159-40 West

Monday the 4<sup>th</sup> About 8 A.M. saw  
Davises island at 12 sent two  
boats a fishing got some porpoises

Tuesday May the 5 on the Line Long 161-55  
west  
135

Tues the begins with fresh gales from  
the East steering West with forces

Friday the 8 All this week we have light  
breeze from the Eastward we are steering  
W. N. W. it being very clear to the Line  
there is plenty of porpoise here but ~~nowhere~~  
yesterday Latitude 01-00 South and  
Longitude 164 35 West from Green

Saturday the 9 this was a fine pleasant day  
wind from the East we are steering N. W.  
with all sail out nothing in sight.  
Lat 00 45 South Long 168-13 West

this is a blessed sabbath day  
the Lord in mercy given  
to seek his face and favour now  
and ask our sins forgiven

O pardon Lord pardon we cry  
for our sins are black and many  
for Jesus sake we ask the Lord  
be pleased not to deny

Tues the 12 this day begins with fine  
fresh gales from the E. steering  
N. W. saw a broadbill and a  
fin-back and some ~~comfish~~  
in the Latitude 03-18 North and  
Longitude 172-00 West  
before into see whale to morrow

Tues the 14 these last 48 hours have  
fresh gales from the E. with rain  
steering N. W.  
Lat 6° North

May the 15 in the Lat 07-30 Long -

This day we have been of squalls of rain wind from the N.E. continued raining all this day - our course being N.W. with all sail out.

Tuesday the 16 raining all day

Wednesday the 17 this was a fine pleasant day wind from the N.E. blowing fresh we are steering S.W. by E.  
Lat 10 40 North Long 176-08 West

Tuesday the 18 the blowing fresh from the N.E. being a fine clear day our cooper who has been sick for 2 months Departed his ship about 4 P.M. he died very easily DEATH  
Lat 13-11 Long 179-11

About 12 P.M. he asked what time it was which was the last words he spoke he went to sleep and slept till the stroke of death his body was raised to the sea at 8 A.M. - the 20 day of May.

Wednesday the 21 this day we have strong gales from the East - steering N.W. with all sail out ran nothing Lat 18 00 North Long 177-30 East

This Lord's day we have strong gales from the East steering S.W. being in the Lat 25-10 North and Longitude 171-10 East shortened sail for the first time on faller Monday the 25 fine pleasant weather still ran nothing Lat 26-30 Long

Wednesday the 27 on Japan <sup>To 137</sup> Lat 28° 54' N Long 170° 30'

It was a fine pleasant day off 6 AM  
picked up a large log of wood and  
nothing else so ends with light air from  
W. I off Lat 28° 54' Long 170° 30' East

Thurs the 28 this 24 hours, light gales and foggy  
saw nothing Lat 30° 00' N Long 170° 30' East

Friday the 29. this day fresh gales and haze  
about 1 PM tacked ship to the S and W  
Lat 30° 00' N Long 170° 30' East  
Lat 31° 26' N Long 170° 21' East

Sunday the 31. this was a fine clear pleasant  
day steering to the S W with all sail  
out about 2 PM saw some finbacks  
Lat 29° 50' N Long 169° 54' East

Monday the 1st being a fine pleasant day  
steered to the S W wind from the East  
saw plenty of porpoises  
Lat 29° 40' N Long 168° 50' East

Wednesday the 3rd we have strong gales  
from the East about 8 AM  
saw a body of spouts on surface  
so we launched three boats and  
chased them but they being  
ship could not get on them near  
in site at sun down 4 miles  
of the weather began heading  
E - Lat 28° 00' N Long 167° 18' East

Thurs the 4 at 8 AM saw a body of whales  
of the Lee beam & found three boats  
aboard but after a long pull  
and great deal of contention got one  
to the La ber loot <sup>Whale</sup>

June 14 on Lapan Lat 28° 00 Long

about 3 P.M. got him along side and  
cut him in the rest went off to the N.W.  
at 10° 30' Lat 28° 00

And H.S. boiling all day  
He & being Sunday finished boiling  
about 3 P.M. so ended the day

Tues the 15 Hrs 48 hours light  
from the East steering  
N.W. with all sail out  
fine pleasant and clear  
Lat 28° 15' Long

Wedns the 16 about 10 A.M.  
took a fine breeze from  
the S.W. steering to N.W.  
nothing more

Lat 29° 18' Long

Thurs the 17 fresh gales from  
the E. steering to S.W.  
fine and clear weather

Father H. 18 at dark light saw  
whales hoar and away and the sailor  
boat got fast and lost her line  
at 10° carl about and about  
2 P.M. hoar again and chased  
till sundown. Hear is a large  
body of whales. Hear  
Lat 30° 20' Long 162° 20' E

Sunday H. 14 this was a fine pleasant  
day saw nothing

Mon H. 15 foggy and pleasant  
over the E. steering west  
Lat 29° 20' Long 162° 20' E

June the 17 on Fapan Lat Lon 139

17 this 24 hours it is blowing  
fresh from S.W. with some rain  
latter part more ruff -  
Laying to under close mizzen  
sail and spenceen Lat Lon

18 calm all day saw nothing

Friday 19 this 24 hours have the wind  
from West and plenty of it at 1 P.M.  
took in the mizen top sail heavy squalls  
from West with rain so ends this 24 hours  
Lat 29-40 North Long 161-43 East

Sat the 20 the storm still continues to  
blow from West employe repelling our  
cutting pendans latter part less  
wind and more rain wind W.

Sunday 21 this was a fine pleasant  
hards day light airs and clear  
saw a finback

Monday 22 begins with strong  
gales from the West and hopping  
latter part moderate saw nothing

Wednesday 24 fresh gales and a heavy  
rain nothing wind West  
Lat 29-45 Long 162-15 E

Thur 25 this 24 hours run to East  
and rain squalls from the West  
to this Red in N.E. - - -

Thur 26 run ESE Lat 30-40 Long 162-  
Saw plenty of finback

June 29 on Japan Lat 31 32 Long

Monday #29 about 7 A.M. saw whales going quick to the windward at 10  
o'clock. Three boats set them in rugged and  
foggy sea no more of them at 1 P.M.  
came aboard an at 4 P.M. saw some  
more but they soon disappeared in a  
squall so ended the 24 hours

July Wedens the 1 being one year  
out with gobbels of oil on Japan  
about 10 A.M. saw a number of sperm  
whales. The Labor boat got up to one  
did not get him after that wear  
very shy at 4 P.M. came aboard  
saw them at sun down  
Lat 36 00 N Long 160 00 East

Thurs 2 saw whales and got one to  
the bow boat - 1840.

November the 16<sup>th</sup> came in from  
Japan with 5 hundred barrels  
took the anchor the 27 of November.

April 26 1841 came in from the  
line with 8 hundred barrels  
all well  
May 10 took the anchor  
for Japan.

Go to Work #307

July the 4<sup>th</sup> 1683: this day i was entertain'd  
with the pilgrims & progre'd a plum  
dough and piece of mind som thing that  
never attende me before upon the same day  
to the Lord jesus do i give thanks

Sunday the 5<sup>th</sup> this was a day of peaceful  
thought a book of plates ship - & the fowl and  
the valley of small reg'nd water the guide showing  
the way

August 15 a noon abiding my soul abt apace  
the 26<sup>th</sup> o Lord how good is thy sun shide to me  
it eases my soul from the thought of  
thee off decay & I dream'd i saw my mother  
she told me i had don nothing right since i sat  
out which su me in great compunction like  
a wise told me my tim was short <sup>13</sup> of September  
how easer it is for me to wander from thy right  
so i was hapely delipp'd with joy in the  
conversion of a soul to god i hope he is enjoying it

Aug 4<sup>th</sup> this evening from godly conversation  
which was joy to my soul and gave hope to his  
hus stope at the stow with gracie compunction  
and is very wil i in the night o Lord i deliv're  
his soul an envious spirit where's me  
an evil spirit ament by this to nile  
no when spoken to comes the land  
like fresh and fair thank the Lord  
they works are more desp'le o Lord

Sept 29 the love of the Lord is ever good  
how this meet when seen the crossways  
in my min how easer to be hected in  
my earle imagination o Lord deliver my  
soul from sable and fineness teach  
me the ways of penitency

o my hart bowd to all and me  
for my voyage through the sea  
i keep account for you and me  
that i may when my time is ended  
see if my overs i have mended

Now i am drawing nearer home  
it put me much to thinking  
howe shall i run the womans hours  
and quitt my foolish drinking

Wine and comfit they say wont hurt  
it is so very mall  
but shewell you drink glasse enough  
it would make you just as well

the ear lines let me take warning by  
pleas god i shoulde reach my home  
that i may not be taken a back  
when th' grates spirel sayes com

from a variety fair let me run bid Heaven  
that my cours i dont stop for a day  
let me run while th' light of the sun it doth shine  
and true hapnes hear after <sup>n</sup> day

o lord keep these thoughts close fixed longe  
that i always my self them in view  
and may call them in som learned hours  
and make all my wark known to you

My beliede score dont forget

o my cours it is eoy to the mid of the day  
for polley and i sin 3 dayes with me  
i think often to us the time passes by
